

WHEN YOU BUY VERIZON WIRELESS PRODUCTS, YOU DESTROY MIDDLE-CLASS JOBS

Demand that Verizon respect, protect and expand good union jobs here in New Jersey

Verizon and Verizon Wireless executives took home \$258 million in the last 4 years in compensation! Yet while the top brass takes more for themselves they contract out jobs overseas and they want to lower the pay and benefits for current and future workers.

Verizon must stop trying to destroy good jobs and must bring back jobs from contractors and hire people from our communities into good jobs.

VERIZON RECEIVED MILLIONS OF DOLLARS IN TAX BREAKS FROM NEW JERSEY SUPPOSEDLY TO EXPAND JOBS!*

BUT INSTEAD OF BUILDING OUR COMMUNITIES, VERIZON IS SHIPPING THOUSANDS OF JOBS OVERSEAS AND GIVING JOBS TO OUT OF STATE NON UNION CONTRACTORS.

***It's time customers and workers
join together and say: "Enough!"

Consider buying AT&T, the Union carrier that respects workers rights.
